ENVOYS OF FORMER GREEK KING ARE EXECUTED

WASHINGTON, April 2.—The announcement that American army units are to be brigaded with British and French organizations was interpreted by army officers today as indicating that the United States government is ready to thrust aside all question of national pride in placing American man power at the immediate disposal of the Allies.

The plan was decided on at a conference between Secretary Baker, Generals Bliss and Pershing and British and French officials.

Details of the method to be followed are not available and presumably will be arranged by General Pershing. There is every indication, however, that American troops now in training here are to be rushed across regardless of their proficiency.

The British statement says: "Arrangements for the transportation of these additional forces are now being completed."

Comparative quiet reigned on the West front today, according to Associated Press dispatches. At various points British and French repulsed attacks and took some prisoners. News is being anxiously awaited of the movement of American troops and their participation in the struggle.

LIEUT. PERIGORD WON COMMISSION IN FIRE OF BATTLE

His Captain, Mortally Wounded, Gave Him His Sword and Command.

HELPED TO HOLD VERDUN

Against the Tremendous and Repeated Attacks of the German Crown Prince; Will Inaugurate the Third Liberty Loan Drive in Connellsville.

Wooda N. Carr, chairman of the Fayette County Speakers' Bureau, will later announce the details of the meetings to be held in Connellsville and Uniontown when Lieutenant Paul Perigord of the French army will make addresses under the auspices of the Liberty Loan Committee of Fayette county, on Friday, April 12. Concerning Lieutenant Perigord Chairman Carr says:

"His message, couched in simple eloquence and based upon actual experience, is given with a fixed determination, but with a pathos that brings the war vividly before his hearers. Lieutenant Perigord has been decorated six times for bravery. He wears upon his uniform the Iron Cross of War, conferred upon him by Marshal Joffre, also five stars conferred for the same reason, as the crosses can be conferred but once. Three bars indicate that he has been wounded three times in battle.

"The story of Lieutenant Perigord's war experience reads like a romance and yet it is most real indeed. Father Paul Perigord is a Roman Catholic priest and was a professor in a Roman Catholic seminary in St. Paul, Minnesota, when the war broke out in 1914. The sorrows of France, his native land, made a powerful appeal to his patriotic nature, so he put on the uniform of the private soldier and was with Marshal Joffre when the Huns were stopped at the Marne. His first thought upon his return to France (Continued on Page Two.)

URBANITES WHO BUILD OUTSIDE ARE SLACKERS

Says Mayor, Charging in Council That They Seek to Avoid Payment of Taxes.

Discussing a verbal petition of propertyholders to the east of Isabelle Road in Connellsville township to be allowed to tap into the city sewer system, Mayor John Duggan, in council last evening pronounced persons building on the outskirts "tax slackers." They locate there, he said, to escape paying taxes in the city and then want city conveniences.

Several families in the territory mentioned are desirous of laying a sewer line and connecting with the city system at the head of Washington avenue. Councilman E. L. Berg presented their request. Council discussed the case and decided the only method would be to make that charge since the law would not make collection of a sewer tax possible. It was suggested that a fair charge for tapage would be \$200 and Mr. Berg was authorized to go to notify them.

S. S. Snader and I. F. Van Natta appeared to protest against paying Davidson avenue while the cost of materials is so high. Both were in favor of having the street graded and curbed and a base laid. They said others were also for this program but against paying. Council arranged to go over the street this afternoon.

Members of council were of the opinion that if the propertyholders are anxious to have the street improved they might advance the money to finance it. Whether this will be done the visitors could not say.

Dr. C. W. Utis reported progress on the preparation of trucks for garbage removal. The trucks have been purchased and the doctor is now arranging with a contractor for bodies for them. Dr. Utis suggested that council get together some afternoon and make an effort to locate a site for a garbage plant.

CITY LABORERS ON THE FARM TO BE PAID MINIMUM WAGE OF \$2 A DAY, CONFERENCE DECIDES

GERMAN ATROCITIES TO BE EXPOSED IN DR. HILLIS' LECTURE

Eminent Divine Will Tell What He Saw on Trip Over Devastated Regions.

Dr. Newell Dwight Hillis, considered one of the foremost lecturers in the United States, will speak on "German Atrocities" at the high school tomorrow night, under the auspices of the Navy League. He will tell of the devastation and horrors wrought by the Huns as they pushed into Belgium, the truths of which he will show by pictures taken by himself when he toured through the battle region last July and August. Dr. Hillis has 600 different scenes on which he lectures.

Members of the Navy League, who have been disposing of tickets for the lecture have been hindered by reports which have been circulated that the entire proceeds of the affair goes to Dr. Hillis. The Navy League in fact, is paying the noted speaker just \$300 for his appearance here and all over that amount will be retained for the purchase of yarn. Tickets for the lecture are being sold at \$1 each and it is hoped that the proceeds of the lecture will be so sufficient that it will not be necessary for the league to canvass for funds.

Dr. Hillis' lecture will be the last he will make this year on the German atrocities. He will immediately begin work for the government on the Third Liberty Loan, having volunteered his services. In his lecture he does not mince words, and has held his audiences spellbound. All who have listened to his lecture have declared he delivered the most wonderful talk they ever heard.

During the evening Dr. Hillis will present 29 Boy Scouts with the Liberty medals won by them in the Second Liberty Loan drive. The scouts who will receive the medals are: Wilson McClaren, Robert Carpenter, Brown Higbee, Robert Schenck, Charles Berkey, Edgar Enos, Melvin Johnson, James Sheetz, Demetrius Soloson, Wilbur Bridgegum, Homer Edmunds, Robert Springer, Arthur Hatfield, Grant Clark, Donald Butternore, Frank Reynolds, Hyman Reider, William Herwick, John Boyd, Donald LaRue, Samuel Melnick, Paul Behanau, Louis Cohen, Wayne Thompson, John Wilbelm, James Graham, Albert Seisson, Harry Enos, Edward Clark.

The following four boys will receive in addition to the Liberty medal, medals offered by the Connellsville Clearing House Association. For selling the largest number of bonds William McClaren will receive a gold medal; for the second largest number, Robert Carpenter will receive a silver medal; Brown Higbee and Robert Schenck will receive bronze medals. All four scouts are in Troop 1.

MEN READY TO REPORT

Army of Helpers Will Be Available From April to November.

SOME TO GIVE VACATIONS

Committees Start Out to Learn the Number Who Will Be Willing to Volunteer a Day or Two or Week or More to Help Solve Crop Problem.

Teams to enlist the army of city labor which will offer its services to the farmers of this county were organized at a meeting held in the store of Hooper & Long last night and a minimum wage of \$2 and two meals was set by the farmer's wage committee, and agreed to by the committee representing the business men. The teams which are to canvass for labor will go to work immediately and will report within a week.

The members of the farmers' and business men's committees and several citizens who expect to offer their services attended the meeting to get the campaign going.

There was considerable discussion over the minimum wage to be paid, the farmers' committee, consisting of E. E. Arnold, Flatwoods, John T. Smith, Dunbar, and Frank A. Tarr of Dawson, drawing attention to the fact that it was being fixed for the whole county, inasmuch as it will be adopted by the Farm Bureau as its standard. It was further urged that unless the wage was made attractive, or sufficient to compensate many men for loss of time from their own work or business, there would be no incentive for men of this class to engage in farm work. On the other hand, T. J. Hooper, F. W. Wright of the committee representing the business and professional men of the city, pointed out that large compensation for their services was not sought by the city men; instead they wanted to give the farmers all the aid they could.

The reasons advanced by the farmers were so convincing that it was finally agreed that the minimum of \$2.00 per day and two meals, as established by their committee, be allowed to stand as a base from which to compute the value of the labor offered them and if a man is worth more than that, the farmers expressing their willingness to pay a larger price for experienced or capable men. E. E. Arnold said it was the labor that was wanted. "Even if it does cost money we want to get the work done," he said.

There was much argument as to when the farmer needed the extra help most, whether in the planting season or in the harvest. It was pointed out that if he did not get his seed in, there would be no necessity for labor during the harvest as he would have no crops to harvest. It was decided that the agricultural labor army would be at the disposition of the farmer from April 1 to November 1. Pledge cards passed among the men present netted quite a number of days' work. There were some who made a set time to be called on, such as during their vacations. Twenty-two (Continued on Page Four.)

LIEUT. PERIGORD WON COMMISSION IN FIRE OF BATTLE

Continued from Page One.

was to become a chaplain in the French army. Finding no vacancy he enlisted as a private in the ranks at four cents per day, determined to fight and to minister to the spiritual needs of his fellow soldiers at the same time. He has performed both functions most admirably. He did not seek a commission but won it in the fire of battle. He believes that a private is the highest rank in the army. But his conspicuous courage and fire brought him before the French Commission six times for decoration. His first experience was in the Champagne district. His company was ordered to receive the attack of the Imperial German Guard. All of the officers except the captain were killed in the early part of the battle. Later when the captain was mortally wounded he gave his sword to Private Perigord with instructions to take command. He did so and the Imperial Guard was repulsed and the private made a lieutenant and told to retain the sword of his dead captain.

The German Crown Prince had promised his father, the Emperor, that he would take Verdun on July 14, 1916—the Independence Day of the French republic. His first assault was met by 6,000 French boys who had knelt to receive the blessing of Father Perigord before entering this terrible battle. Taps were sounded for 4,500 of them and Lieutenant Perigord was badly wounded. But Verdun still stands.

Senator Tush of the Council of National Defense writes Chairman Carr that Lieutenant Perigord is the most effective and entertaining speaker on war subjects now on the platform.

The Third Liberty Loan campaign will be launched on April 6 and Lieutenant Perigord's lecture will be in connection with this movement. All religious, civic and fraternal and industrial organizations of Connelville and Uniontown have been invited to take part in this movement which Lieutenant Perigord's lecture will so auspiciously inaugurate.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage and Sulphur properly compounded of brings back the natural color and lustre to the hair when faded streaked or gray. Years ago the only way to get this mixture was to make it at home which is messy and troublesome. Nowadays by asking at any drug store for Wyeth's Sage and Sulphur Compound you will get a large bottle of this famous old recipe improved by the addition of other ingredients at a small cost.

Don't say "gray" Try it! No one can possibly tell that you darkened your hair as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair by morning the gray hair disappears and after another application or two your hair becomes beautifully dark glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure mitigation or prevention of disease.—Adv.

NOT THE TIME FOR
COMPLACENCY.

Comforting and encouraging as it
is to know that the Allies have not
only halted the German offensive, but
that many points have been taken
back with heavy loss, we must not
conclude that the war has been won.
After having failed on the initial
offensive to capture the British line,
it was but natural that the weight and
strength of the German drive would
diminish from day to day and eventu-
ally come to a standstill. That this
has been the result must not be taken
as an indication that the Germans
have given up the struggle. On the
contrary, we can very confidently
count upon them utilizing the ap-
parent lull in the great battle to reorga-
nize their forces, bring up their artil-
lery, munitions and supplies and other-
wise prepare either to resist a counter
offensive by the Allies or to make a
new drive of their own from their
advanced positions.

In either event it may safely be as-
sumed that the battle is not over, but
short and decisive as the Germans
believed it would be, it will be drawn
out into weeks, perhaps months.
While every day will add to the
strength of the Allies, the passage of
time without a defeat or enforced re-
treat of the Germans will afford the
same opportunity for the enemy to re-
habilitate his forces. It may be true
that the Germans have lost the ter-
ritorial power shown in earlier
years of war, but we must realize that
their resources are by no means ex-
hausted, least of all has their will
been broken. It is at all possible, been crushed
by their failure to immediately
achieve their objective in the great
drive. The present is the supreme op-
portunity for the Allies to overcome
their enemies and it will be continued
until the Allies by superior numbers,
strategy or greater intensity and per-
sistence in attack force the enemy to
acknowledge defeat.

The Germans will not win, cannot
win, but until the day has arrived
when the Allies, augmented by an ade-
quate reinforcement of American
troops, can deliver a series of smash-
ing blows there will remain the pos-
sibility of the Germans making fur-
ther gains. It is, therefore, worse
than foolish, it is no less than crim-
inal, for us to complacently view the
present situation and relax our efforts
in preparation for a long and bitterly
contested struggle.

STOP THE FAKERS.

If the citizens act upon the request
of Mayor Dugan and make prompt
report to police headquarters of the
activities of false solicitors, who cir-
culate through the city from three to
five times daily, they will very shortly
bring an unsafe place for these
scoundrels to ply their trade.

The war has opened numberless op-
portunities for the unscrupulous to
exploit all sorts of schemes for ab-
staining money under false pretenses
from people who, out of patriotic gen-
erosity, are disposed to respond to
solicits made for any purpose connect-
ed with the war. The only safe course
is to refuse contributions to strangers
and, when they present themselves at
your home or place of business,
promptly notify the police.

All legitimate money-raising pro-
jects in behalf of the soldiers, or pur-
poses connected with the war, have
been and will continue to be conduct-
ed by local people who are well-known
for that purpose. Bear this fact in
mind when strangers whom you never
saw before come to you with some
fantastic tale designed to appeal to
your sympathies or interest for the
purpose of securing a cash contribu-
tion. But do not neglect to notify
the police as soon as you have dis-
missed these fakers empty-handed.

BEATEN BEFORE NOMINATED.
The Pennsylvania Democratic candi-
date for governor are taking pains to
see that he is whipped before the
campaign gets under way.
Being the Democratic candidate
for governor of Pennsylvania is an
exceedingly expensive and a depress-
ingly empty honor, and there are
comparatively few Democrats in the
state who are willing to pay the price.
The Greensburg Tribune observes.
Empty as it is and costly as it is
certain to be, Mr. Guffy appears to
want that honor. But Vance Mc-
Cormick, the real Democratic leader
of the state, insists that the Demo-

SISTERS OF BARBARA

Since the day when, at the tender
age of seven, she had burst into a
passionate sobbing at the music of a
brass band, Dorothy Parsons had been
referred to as "queer." In other respects,
seemingly, she was a normal child.
She was unusually bright in fact, mas-
tered her studies readily, more often
than otherwise stood at the head of
her class, and was a born leader. And
peculiarly firm.

"They will tell you many amusing
stories of her youth in Chester. She
was a full of surprises, of new and
novel ideas and daring escapades as a
turtle in a nest. No one thought seri-
ously of any prank that Dorothy Par-
sons engineered, and they were legion.
If it was Dorothy Parsons it was suf-
ficient."

Dorothy was about the first person
in Chester to appreciate the possibi-
lities of the European war. When she
asked, Pastor Nourba what he would
do when war came to America he was
horrified. "But it isn't coming to
America," the startled dominie an-
swered. "It isn't our quarrel."

"But it will be; just wait," she in-
sisted confidently.

"And when the President finally de-
clared for war she was the first to
suggest a Red Cross unit. And when
this was under way she deserted it to

go into training for field nurse work.
And she persuaded those of us who
could afford it to foot the bill for her
training course. All of us were proud
of her.

Just before she sailed for France
she attended one of the Red Cross
work sessions. When she day's task
had ended she mounted a chair.
"There's one thing I want to say to
you women," she explained. "I'm
leaving for over there in a couple of
days. Maybe I'll come back, maybe
I'll not. But what about you folks?
Are you going to be satisfied with
knitting a few sweaters and mufflers
and helmets? And rolling a few hand-
kerchiefs?"

"Remember Barbara Fritchie? How
she was willing to give her life if her
country's flag might be spared? What
sacrifices are you really making to
save that flag? What are you giving?
Simply knitting isn't enough for us
women. Let's become sisters of Bar-
bara. Let's make the initiation fee
one Liberty Bond!"

"That's how the Sisters of Barbara
originated in Chester.

Who will be a local Barbara to
mother such an organization in Con-
nelville?

CITY LABORERS ON THE
FARM TO BE PAID \$2 A DAY

Continued from Page One.

Specified days were pledged. Other
cards signed pledged a total of 10%
days a week from now until the end
of the harvest season. This is con-
sidered an excellent start, consider-
ing that only a few men were ap-
proached.

A way by which the farmer should
puff the city man when he needs him
was also discussed. It was pointed
out that either the farm labor bureau
office at Uniontown could be called or
the farm manager, who will be con-
stantly on the job throughout the sea-
son. The man for this position has
not been named, but he will be a sal-
aried official, with nothing to do but
look after the farm labor question.

Men who are able to plow are most
needed now, and after that is done,
corn planters can be used. Robert
Norris cited an instance of a man in
the Indian creek valley who had 27
acres to cultivate but was unable to
get any help. William McCormick
offered to send a man to that farm
for two days this week.

The committees who will canvass
the city for labor are:

W. L. Wright and J. M. Young,
Pittsburg street south to the city limits,
including all within Lincoln avenue
west to the river.

J. L. Evans and S. P. Ashe, Third
ward.

Rev. J. L. Proudfoot and C. W. Downs,
Fourth and Fifth wards.

George B. Freed and J. S. Darr,
Pittsburg street, south to Gibson ave-
nue, including all territory between
Pittsburg street and west to the river.

William McCormick and W. N.
Lowe, West Side.

The committee will immediately go
to work on the canvass for labor. The
question is a most serious one to the
farmer and a ready response on the
part of the men of the city is hoped
for. If only one day a week can be
given it will be gladly accepted. Vac-
cations will also be solicited and the
slogan this year is "Spend your vaca-
tion on a farm."

The farmers are hoping to get some
of the men at the various coke plants
and industrial works to give a day of
their time each week to farming. The
farmers realize that these men are
making high wages and feel they
would be justified in paying this class
of labor a good price for their work,
as many of them are good farmers,
having left the plow when so much
money could be made in other lines.

The canvassing committees are
supplied with cards, something similar
to a registration blank which is filled
in by a volunteer and then placed on
file. When labor is needed the file
can be turned to and the man needed
located without trouble. When suffi-
cient labor has been pledged, it is the
plan of the committee in charge to
organize teams of men, headed by a
captain who will draw on his reserves
as they are needed.

A meeting of the canvassing com-
mittees will probably be held in a
week.

THE DAYS OF CHEAP
COAL ARE PASSED
SAYS AN AUTHORITY

Coal Conservation, Not Production, Is
the Most Important Question
Before the Public Today.

"Coal will never again be cheap,
so that correlated with that problem
is the question of the scientific selec-
tion of coal suitable for the purposes
to which it is devoted—a rigid inquiry
into whether or not a different grade
of coal from that now in use, chosen
by the hit-or-miss method, might
give better results in power derived,"
says Prof. O. W. Wood, of the federal
bureau of mines.

"The most important question be-
fore the public today is not coal pro-
duction but coal conservation, and the
way the present situation should
work out is that wastefulness should
first be stopped. The main trouble is
that the growth of our industrial plants
has not been paralleled by increased
efficiency of the power plants."

"No fuel substitutes are necessary
to solve this problem—just a little
more care in the question and training
of the men in charge of the power
plants, and a more carefully selected
grade of coal. The present coal
shortage is not due to any shortage at
the mines, but is due to the inade-
quate facilities for transporting the
mined coal. It is therefore a patri-
otic service these days to make a ton
of coal delivered to you do the work
of one and a half tons, or better."

ANNUAL
MOVING
TIME

The annual moving period is here again and
this week will see many changes. It is a fact a
lot of people move every year, others move as
seldom as possible. Sale of property, changes in
business, and many conditions frequently make
it necessary for people to move and leave a de-
sirable home, but the point we want to get at is
that moving-day most always means new fur-
nishings, new furniture, general household
equipment, and the real information we want to
give you is that the Union Supply Company fur-
niture departments are wonderfully well equip-
ped to take care of your wants. First we can sell
you the paints and wall paper to freshen up the
house; after that can start you from the kitchen
through the dining room, library, living room,
parlor, hall, and upstairs to the bedrooms and
bath room. Can furnish you shades and curtains
for the windows and all the equipment for hang-
ing. Can furnish you oil, coal, or gas ranges and
all the other kitchen equipment. Then have
china, all kinds of lamps, and have all sorts of
house furnishings, including queensware, cut-
lery. We have complete living room outfits, li-
brary outfits, complete assortment of rugs, car-
pets, linoleums. In fact the furniture depart-
ment in every one of our stores is equipped fully
and you can get just what you want. You can get
equally as good assortments as any installment
house will show you, and you can buy them at
lower prices.

A DAGGER

IN THE BACK

That's the woman's dread when she gets up in the morning to start the day's work. "Oh! how my back aches." GOLD MEDAL Haarlem Oil Capsules taken today ease the backache of tomorrow—taken every day ends the backache for all time. Don't delay. What's the use of suffering? Begin taking GOLD MEDAL Haarlem Oil Capsules today and be relieved tomorrow. Take three or four every day and be permanently free from writhing distressing back pain. But be sure to get GOLD MEDAL. Since 1858 GOLD MEDAL Haarlem Oil has been the National Remedy of Holland, the Government of the Netherlands having granted a special charter authorizing its preparation and sale. The housewife of Holland would almost as soon be without bread as she would without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. This is the one reason why you will find the women and children of Holland so sturdy and robust.

GOLD MEDAL are the pure, original Haarlem Oil Capsules imported direct from the laboratories in Haarlem, Holland. But be sure to get GOLD MEDAL. Look for the name on every box. Sold by reliable druggists in sealed packages, three sizes. Money refunded if they do not help you. Accept only the GOLD MEDAL. All others are imitations.—Adv.

SOCCER PLAYERS LACK ENDURANCE AS SOLDIERS

A prominent medical man who has just returned from the western front says professional footballers are not wanted in the trenches, and explains that this is so because their endurance is less than one-third that of the ordinary soldier. He attributes this to the fact that they have been so long tuned to the highest pitch to take part in soccer games. In addition their nerves are so acute that they cannot stand gunfire.

The medical man adds: "It is like linking up a race horse with an artillery team." Strangely enough, he said, commanders find rugby football players make our best aviators.

Kills Pain in Half the Time

A Big 25 Cent Box of Marcolous Mustardine Is What Every Home Should Have

A Big 25 Cent Box of Marcolous Mustardine Is What Every Home Should Have. It's the only remedy that kills pain in half the time it takes other remedies. One application does the work.

Grandmother's old fashioned mustard plaster did the work, but it was a messy, unclean remedy. Mustardine is the original mustard prescription that has made Grandmother mustard plaster but a relic of bygone days. It's ten times better cleaner and will not blister. It is made of pure honest yellow mustard combined with other well known drugs of pain and inflammation in the feet, or rheumatism and all aches and pains are banished in half the time it takes other remedies. One application does the work.

If you want to get rid of sore throat, neuralgia, neuritis, tonsillitis, pleurisy, inflammation in the feet, or rheumatism, and all other joint-pain on Mustardine right away—this is the quickest pain killer in the world—and the cheapest. Get true Mustardine in the yellow box at any drug store—Adv.

At the Theatres

THE PARAMOUNT.

"LIMOUSINE LIFE"—Triangle's new photoplay in which Olive Thomas as the charming screen star appears in the leading role, a being shown today. The story is that of a shy little girl from the country who tries to make her way in a large city. And she was such an innocent thing! Little thing that Monsieur Keltis determined to win her, and inconsequently throw over his latest flame for this pliant morsel of femininity. One of the girls in the shop tried to warn her, but it did no good. "Minnie kept right on. And when she got through she had the cash and a pleasant memory, and all Monsieur Keltis got was a feeling of deep thankfulness that she didn't insist upon marrying him. A comedy is included. Tomorrow Carmel Myers will be featured in "The Girl in Dark."

Thursday, Madge Evans, the child actress, will be starred in "Wanted, a Mother."

THE SOISON.

The drama is coming back in the performance at the Soison yesterday in any criterion, for it will take only a few demonstrations to show this beautiful play and splendid acting to bring back the patrons who enjoy an evening of real dramatic work. Chester Bishop and his players have started something and we hope they will keep it up. If they do—and we have every reason to believe they will—it will be a good long time before Connellsville will have another such treat as the Chester Bishop Players, and they will be mighty hard to follow. On Monday night that all powerful drama, "The Island of Love" was offered, and ask anyone who attended the performance if it didn't ring true and strike home from beginning to end. The scenery was all that could be desired and more, for it is correct and adequate in every particular.

THE ARCADE.

It would be difficult to select the top liners in Zarrows 1918 Folies company at the Arcade yesterday. Seldom indeed is so much talent employed in one company real talent, not mediocre but the very best. The show has a cabaret opening with beautiful concert singing introducing the various members of the cast. This includes a chorus of pretty girls that lend to the show a spirit of liveliness and beauty. It is without doubt the best show that has played Connellsville this season. Charlie Chaplin was on the screen in "A Truce Elopement." The finish of this picture is awfully funny. Lore the Girl Neutral Marvel in an act of thauumaturgy, mystified her audience by her absolutely correct answers asked by persons in the audience. On Thursday afternoon Miss Lore will hold a reception for ladies at which time she will give a personal consultation to each lady present.

ORPHEUS THEATRE.

"REGGIE MINDS IN"—A five reel Triangle drama featuring the popular actor Douglas Fairbanks, Jr. with Beanie Love supporting him in the leading role. Tomorrow William Fox presents Gladys Brockwell in the thrilling drama, "The Moral Law." Thursday, William Russell appears in the Mutual drama, "The Midnight Trail." Friday and Saturday Madame Petrova is featured in the Paramount drama, "In Exile."

SILL FLIRTED WITH A GRAVE

Pittsburg Man Frequently Fainted and Had to Be Taken to Hospital.

"I'll tell you the truth, if I knew this Tanlac was not going to be sold any more I would try to buy every bottle on that counter over there. I left here today," said W. J. Sill, at the drug store in Pittsburg, Pa., where Tanlac is being introduced. Mr. Sill lives at 1206 Magnolia Street, North Side, and is connected with the New York Dye Works, at 538 Penn Avenue.

"Before I began taking it, he continued, I weighed many pounds less, than I ever weighed. Today I got on the scales and tipped them 10 pounds more than I have weighed in 12 months or more. That's exactly what two bottles of Tanlac did for me. Just look at me. I'm filling these trousers rapidly."

About two years ago I commenced having stomach trouble and kept getting worse until I began having regular attacks of acute indigestion. When these attacks came on me, and they were usually accompanied by nervous spells and dizziness I would just swell up out of all proportion and become as limp as a rag.

My breath would go short and my pulse so weak I was afraid my heart would stop beating. I have become unconscious on the street numerous times and had to be taken to the hospital. I tell you I was flirting with my grave, and would have been in it if it hadn't been for Tanlac.

Tanlac is now sold here by the Connellsville Drug Co.

Tanlac can also be secured in Duquesne at D. C. Iason's Drug Store.—Adv.
